

## ***Through my eyes*** Michele Hermans

Friday 21 February – Sunday 19 April 2020

I left Australia in 1991 to make Finland my home, however, it is not Nordic landscapes that inspire me. It is the eclectic architecture and bustling streets of Melbourne, and the nature and country life of rural Victoria where I grew up, that are depicted in my screenprints. These images are evocative of and why Australia, even after decades of living abroad, still feels like home.

My process begins with a scene that catches my eye through the lens of my camera. I then transform the photographic image into a digital illustration by removing colour and tone. Layer by layer I reveal the hidden details. Using black ink on white paper my final print is reminiscent of the comic book style.
